TREATMENT ROOM

ABOUT THE DOCTOR

A 1987 graduate of the Medical College of Virginia, Dr. Peer strongly believes in obtaining continuing education above and beyond Board recommendations. Included in his post-graduate advanced training are the areas of TMJ, the Dawson method, and cosmetic dentistry. Dr. Peer considers satisfied, healthy patients to be his greatest asset.

MISSION STATEMENT

Our mission is to provide our patients with the highest quality of dental care in a comfortable and relaxed environment. We strive to meet and exceed each patient's individual needs—focusing on prevention, education, and treatment—to assist them in achieving optimal oral health.

WAITING AREA

As professionals, we are dedicated to putting our patients first by providing exceptional service and listening to their concerns. In addition, we use only the most advanced technology available to insure precise diagnosis and treatment.

Our practice believes that good oral health contributed to a better quality of life. Whether a patient needs only a routine cleaning and evaluation or is considering an extensive cosmetic procedure, we are pleased to be their partners in achieving optimal oral health.

HIGH-TECH DENTISTRY

Our team is comprised of individuals trained to use the most advanced technology to better meet our patients' needs. We are committed to providing state-of-the-art treatment, while minimizing any discomfort to the patient.

- Intra-oral Cameras

COMFORT

We respect that one of the foremost concerns most patients have regarding dental care is comfort. Our office is equipped to maximize comfort with both traditional and unique methods.

- Nitrous oxide gas
- Conscious sedation

EMERGENCY CARE

Should a patient need emergency treatment during regular business hours, we will attempt to fit them into the schedule if at all possible. If an emergency situation arises outside regular business hours, patients should call our office at (434) 575-5677 to contact the doctor as quickly as possible.

NEW PATIENT EVALUATION

When a new patient joins our dental family, we like to take time to perform a comprehensive oral evaluation. This enables the doctor and our team to determine the best possible treatment to restore and maintain optimum oral health. This also provides the opportunity to introduce our patient to our team members.

BUSINESS OFFICE

INSURANCE

As a courtesy to our patients, we will file insurances for all treatment and will do our best to estimate co-payment amounts. In addition, we will help our patients in filing for any additional existing coverage.

FINANCIAL POLICY

In order for us to keep the cost of dental care down payment for all services must be handled by one of the following flexible options:

- Payment by cash, check, or credit card (Visa, MasterCard, Discover, and American Express accepted)
- Payment plan through Health Care Financing (Capital One Financing)
- Insurance on Assignment

HOURS

Appointments can be made daily Monday-Friday from 8:00 A.M.-5:00 P.M. and Fridays from 8:00 A.M.-12:00 P.M. Call (434) 575-5677.
